## **Balloon Payment**

A balloon payment is any installment payment (usually the payment due at maturity) which is greater than twice the amount of the smallest installment payment under the terms of the promissory note or sales contract.

The borrower/vendee may have to obtain a new loan or sell the property to make the balloon payment. If the effort is not successful it may be necessary for the holder of the note/contract to foreclose on the property as a means of collecting the amount owed.

#### Servicing

You will be a joint beneficiary with others on this note and you should request a list of names and addresses of the beneficiaries as of the close of escrow from the broker or servicing agent. The beneficiary(ies) holding more than 50% interest in the note may govern the actions to be taken on behalf of all holders in the event of default or other matters. See Civil Code Section 2941.9.

#### Loan To Value

GENERALLY the aggregate principal amount of the notes or interests sold, together with the unpaid principal amount of any encumbrances upon the real property senior thereto, shall not exceed the following percentages of the current market value of the real property as determined in writing by the broker or qualified appraiser.

| Single–family residence, owner–occupied   | 80% |
|---|-----|
| Single-family residence, not owner-occupied   | 75% |
| Commercial and income–producing properties  | 65% |
| Single-family residentially zoned lot or parcel which has installed off-site improvements including |     |
| drainage, curbs, gutters, sidewalks, paved roads, and utilities as mandated by the political        |     |
| subdivision having jurisdiction over the lot or parcel  | 65% |
| Land which has been zoned for (and if required, approved for subdivision as) commercial or          |     |
| residential development   | 50% |
| Other real property   | 35% |

The percentage amounts specified above may be exceeded when and to the extent that the broker determines that the encumbrance of the property in excess of these percentages is reasonable and prudent considering all relevant factors pertaining to the real property. However, in no event shall the aggregate principal amount of the notes or interests sold, together with the unpaid principal amount of any encumbrances upon the property senior thereto, exceed 80 percent of the current fair market value of improved real property or 50 percent of the current fair market value of unimproved real property, except in the case of a single-family residentially zoned lot or parcel as defined above, which shall not exceed 65% of current fair market value of that lot or parcel. A written statement shall be prepared by the broker that sets forth the material considerations and facts that the broker relies upon for his or her determination which shall be disclosed to the lender or note purchaser(s) and retained as a part of the broker's record of the transaction.

NOTE: If more than one property secures this loan, you should also refer to attached RE 851D.

### APPRAISAL INFORMATION

Estimate of fair market value is to be determined by an independent appraisal, a copy of which must be provided to you prior to you obligating funds to make the loan. Note: You may waive the requirement of an independent appraisal, in writing, on a case by case basis, in which case the broker must provide a written estimate of fair market value. The broker must provide you, the investor, with the objective data upon which the broker's estimate is based. In the case of a construction or rehabilitation loan, an appraisal must be completed by an independent, qualified appraiser in accordance with the Uniform Standards of Professional Appraisal Practice (USPAP).
